

# Commercial & Industrial Lighting Rebate Program

UP TO  
**\$25,000**  
REBATE  
FOR  
COMMERCIAL/INDUSTRIAL  
MEMBERS

Frontier Power's Commercial & Industrial (C&I) Lighting Rebate Program helps replace inefficient internal and external lighting at member business facilities.

The program provides a rebate based upon the number of lamp watts reduced when replacing old lighting with new, energy-efficient lighting, and members are eligible for the rebate when specifications are met.

**SPECIFIC REQUIREMENTS:**

This program is applicable to commercial and industrial business facilities only. Residential members are not eligible.

To qualify, lighting at the facility must be used a minimum of 1,800 hours per year. All projects must be a retrofit interior or exterior lighting installation. All equipment must be new; used or rebuilt equipment is not eligible.

An on-site visit is required to confirm installation of the project. Projects must be installed and completed between July 1, 2019, and June 30, 2020.

**The Frontier Power Company**

Your Touchstone Energy® Cooperative 

Frontier Power's rebate on C&I lighting is limited. The offer expires when funds are depleted on a first-come, first-served basis, or when the program is discontinued.
